& Equipment

Growth Rate:
276.83%

Year Founded: 1997

1 Dwight Toney '70 and son, Kelly Toney '92, have always loved the energy and excitement of an auction. Therefore, it seemed natural for this father-son pair to obtain their auction licenses after Kelly graduated from Texas A&M. When the opportunity arose in 1997 allowing them to transform their hobby into a successful business, the Toney pair was sold! Initially anticipating performing solely equipment auctions, as the company evolved, Dwight and Kelly expanded into auctioning real estate, notes, and other assets. Dwight and Kelly attribute their success to their perseverance and the superior education they received at Texas A&M. Both are graduates of the Corp of Cadets, which provided them with leadership experience, lessons in determination, and the discipline they needed to thrive in the business world. Dwight and Kelly will continue to develop and grow the company and plan to eventually leave Tranzon Auction Resolutions in the hands of Kelly's sons to continue this family legacy and tradition.

Before they knew it, BMI Defense Systems was born. Initially planning to pursue the venture as a part-time, non-profit opportunity, Beverly and Kyle found that the rapid growth of BMI Defense Systems could not be contained. Beverly and Kyle have fought the battles that every young company faces; however, their hard work, resolve, patience and their faith have paid off, landing them in the #2 spot on the 2011 Aggie 100.
